

HEALTH AND SAFETY POLICY

Our safety vision is “Everyone Home Safe, Every day”. We are committed to safe and healthy work environments for our workers, contractors and the public.

OUR COMMITMENTS WILL BE DEMONSTRATED IN THREE KEY AREAS:

RISK FOCUSED

- Identifying, assessing, eliminating and controlling hazards to minimise the risks of acute, chronic and catastrophic harm in our environments to a level so far as is reasonably practicable.
- Establishing and maintaining safety work processes.
- Taking all reasonably practicable steps to ensure that working environments are safe, and that we proactively foster and protect both physical and mental health.
- Having a comprehensive and up-to-date plan for all emergencies and emergency procedures in place by putting in prevention, detection and recovery controls.

WORKER ENGAGED

- Providing information, training and the appropriate tools and equipment for the work being done.
- Providing a platform that encourages all workers to become actively involved in planning safe and healthy outcomes as part of what good work looks like.
- Actively consult, cooperate and coordinate with contractors to manage risk.
- Actively communicating in forms and styles that maximise the retention of health & safety information and guidance.
- Managing recovery, rehabilitation and accident claims of workers in the event of a work related injury or illness, and where practical, actively participating in the rehabilitation of workers in the event of a non-work related injury or illness.

LEADERSHIP MOTIVATED

- Demonstrating visible leadership that supports health, wellbeing, and safe outcomes.
- Complying with all legislative requirements and recognised codes of practice.
- Retaining ISO 45001 accreditation across our entire organisation.
- Promoting wellbeing through Delta-wide initiatives.
- Integrating safety and health related considerations into the leadership decision making process.
- Supporting engagement and resourcing of the continuous improvement process.

Peter Carnahan,
Chair, Delta

Mike Costelloe,
Chief Executive Officer, Delta
